TUTTI I TAVOLI

Nel 2015 abbiamo proposto questa collezione dei nostri progetti intramontabili, che ora completiamo. Perché ci sono forme che rimangono nella memoria. Disegnate, inventate, progettate tempo fa, mantengono però intatta la loro attrattiva: il design diventa classico. Questa collezione è stata formulata con questo pensiero. E diventa la divisione complementi.

*Some shapes remain forever in our memory.
Created, designed years ago, they continue to be attractive
as they were in the beginning.
That's the way a piece of design becomes a classic.
This collection has been selected according with this thought.*
